

Thank You

Dear Dr. Song,

We are writing this letter to thank you for being an excellent doctor.

It is very important to us as seniors to have a doctor who is patient, understanding and returns our phone calls personally as you do.

When you come to our home for our medical checkups, you take your time, you listen and answer our questions. No question is trivial.

You do not over prescribe medication, only what is needed and you carefully monitor us to be sure we have the `correct dosage and that it is working for us. You follow-up to be sure we are doing well.

If we need to see another doctor, you always recommend the best and you have.

There is no doctor that we know who will give us his personal attention as you have with a smile and loads of understanding. Thank you again for being there for Dave and I. Your the best!

Dear Dr. Song:

The following is our testimonial of why we chose to continue on with you despite the fact that you will no longer be participating with Medicare:

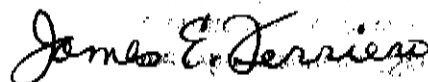

I testify that Dr. Song is one of a kind! It has been many years since we have had a house visit by one such as Dr. Song. He is such a happy happening dealing with one who practices "Service over Self". You can be sure that I will be making references whenever I can. With Dr. Song, you do not get a "song and a dance", only Dr. Song! He is always available when called - Doctor, you are

SENSATIONAL
OUTSTANDING
NICE
GREAT!

In addition, my daughter Lisa would like to add, "having a professional such as Dr. Song on our side, I can trust that Mom is getting the best care possible. Our questions are answered promptly, carefully, kindly and most importantly, truthfully. Dr. Song has helped us make all the difficult decisions regarding Mom's care with a good conscience that we are doing the right thing for her!"

We wish you the best with your practice and look forward to a long relationship with you.

Very truly yours,

James E. Ferriero

Dr. William Song

I want him because
he's the best doctor I
ever had, even thought
I can see other doctor
that take medicare.
I want Dr Song for my doctor
his will like in my family
That why I am willing
to paid out of my pocket.

Frances M. Logsdon

Dr. Song has been my mother's physician for over 4 years. During that time he has shown unerring skill, as well as compassion, in her treatment.

Whenever my mother was hospitalized, Dr. Song was always there to ensure the appropriate specialists tended to her various ailments. His constant follow-up and communication assured me that I was immediately apprised of any and all situations.

Since she doesn't travel easily, the fact that Dr. Song makes house calls has relieved me of the burden of having to take my mother out of the house for monthly check-ups.

Consequently, in light of the above, I have decided to continue to avail myself of Dr. Song's medical services for my mother even though there will now be a fee involved. I consider his fee to be a small price to pay for what is being offered.

Sincerely,

Barbara Heischman
